## **Bobcat Company is ISO 9001 certified**

---

**ISO 9001** is a set of international standards that control the processes and procedures which we use to design, develop, manufacture, distribute, and service Bobcat products.

British Standards Institute (**BSI**) is the Certified Registrar Bobcat chose to assess the Company's compliance with the ISO 9001 set of standards. The BSI registration certifies that the two Bobcat manufacturing plants and the Bobcat corporate offices (Gwinner, Bismarck & Fargo) in North Dakota are in compliance with ISO 9001. Only certified assessors, like BSI, can grant registrations. Since registration requires this *third-party auditing*, it is irrefutable evidence of conformance. Continued certification is subject to periodic audits.

ISO 9001 means that as a company we say what we do and do what we say. In other words, we have established procedures and policies, and we provide evidence that the procedures and policies are followed.

What does ISO 9001 mean to Bobcat Customers? It means that Bobcat produces your Bobcat loader, Excavator, and attachments with strict attention to details, using the latest technology and proven techniques.

# FOREWORD

## FOREWORD

This Operator's Manual was written to give the owner/operator instructions on the safe operation and maintenance of the Tilt-Tatch. **READ AND UNDERSTAND THIS OPERATOR'S MANUAL BEFORE OPERATING YOUR TILT-TATCH.** If you have any questions, see your Bobcat loader dealer.
