

The image shows the CASE logo, which consists of the word "CASE" in a bold, white, sans-serif font. The letters are slightly italicized. Below the text is a horizontal orange bar. The logo is set against a black background that is part of a larger graphic element. This graphic element is a black trapezoidal shape that is wider at the top and tapers towards the bottom. It is positioned in the upper right quadrant of the page. Above this black shape is a thick orange horizontal bar that spans the width of the page. To the right of the orange bar, there is a white vertical bar that also spans the height of the orange bar. The entire graphic element is partially obscured by a large, solid grey rectangular block that covers the lower two-thirds of the page.
